Section 1 — Strategy Overview

The Challenge

The client, a wedding photography studio, had a strong portfolio but limited social media reach. The existing Instagram presence was inconsistent, relying heavily on static photos. Engagement was low and the account was not converting profile visits into enquiries. The goal was to leverage Instagram Reels to dramatically increase reach, grow brand awareness, and drive booking enquiries.

The Approach

A structured Reels strategy was developed focused on three content pillars: emotional storytelling, behind-the-scenes authenticity, and educational wedding content. Each Reel was crafted to stop the scroll in the first 3 seconds, deliver value within 30 seconds, and end with a clear call to action.

Pillar 1	Pillar 2	Pillar 3
Emotional Storytelling	Behind the Scenes	Educational Wedding Tips
Wedding day highlights, first look moments, emotional vows.	Day in the life, gear setup, editing process.	Wedding planning tips, photography advice, posing guides.

Section 2 — Content Framework

Reel Structure Formula

Timestamp	Section	Purpose
0:00–0:03	The Hook	Stop the scroll. Open with the most visually stunning moment.
0:03–0:08	The Setup	Quick context. One or two text overlays maximum.
0:08–0:25	The Story	The emotional core. Music choice is critical.
0:25–0:28	The Payoff	The best shot. The reaction. Hold it for 2-3 seconds.
0:28–0:30	The CTA	'Book your date — link in bio'. One action only.

Frequency	Best Times	Ideal Length	Hashtags
3-4 Reels/week	Tue/Thu 7PM Sat 10AM	25-30 seconds	15-20 per post
